S

14) The revised estimate for Rs 11,140 is
Rs 3580 in excess of the original estimate for Rs 7,560
sanctioned in G.O. dated 7 12 37

15) The cost of the revised estimate is proposed
to be met by the Govt and the ML Cl in equal proportions

16) The Govt share of the cost, a sum of Rs 4000
has already been sanctioned in G.O. of 7 12 37
from out of the water supply grants for 1937-38 and
an additional grant of Rs 1500 is recommended
to be now made to make up of a month's cost
of the revised scheme

17) The municipal quota of the cost is proposed
to be met by raising a loan of Rs 5,000 repayable
in 10 equal annual instalments. A sum of Rs
Rs 1,500 is expected to be realised by public donations

18) Rate of interest at which the loan proposed
has to be raised is not mentioned. In case
it is not possible to sanction an additional Govt
grant of Rs 1500, the D C recommends that
a sum aggregating Rs 6,500 may be granted as a loan
to the City Municipal

19) Fund for interest with refer to para 12 + 13 before
Reserve available under water supply
grants during the current year is Rs 40,111/-

SIR

Subject Bowringpet Water Supply - Revised Estimates
for Rs 11,140/- for the installation of an
electric Motor and a deep well pump at the
2nd borewell in the Municipality

Reference Your Letter No L 1881/M 1 48-38-12 dated
31st August 1938

I have the honour to enclose herewith a copy of
the letter from Sanitary Engineer

I have the honour to be,
Sir,
Your most obedient servant,

P. Parthasarathy

Director of Public Health

Letter No 322 dated 20/21st September 1938 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

Revised estimate for Rs 11,140/- for the installation of an Electric Motor and Deep-Well Pump to the 2nd borewell at Bowringpet

With reference to your letter No C 313-4 dated 6th September 1938, forwarding a copy of the letter No L 1831/V1 48-33-13 dated 31st August 1938 from the Secretary, Local Self-Government Department, with certain observations on the above subject, I have the honour to state in reply, that on receipt of sanction to the estimate for Rs 7,140/- together with an allotment of Rs 4,000/- being the Government share of contribution, the Municipality was requested to arrange to place its quota of funds also at the disposal of this Department, in order to take up the scheme for execution and to complete it at an early date

But, the Municipal President and Vice-President expressed during my visit there, that the scheme as proposed in this estimate, if worked out, would not be of material advantage, as the borewell is situated outside the town, and as there is provision in this estimate for only 1000 ft of distribution main with 6 taps close to the pump house built on the borewell far away from the residential quarters it was considered very inconvenient for the people. Both of them wanted a revised estimate to be forwarded, providing facilities for supply to this western portion of the town. In compliance with the above, an estimate for Rs 11,140/- was forwarded to the Municipality for acceptance. The Municipal President returned the estimate duly countersigned in his O 43/37-33 dated 4 6 1938 which was submitted to the Director of Public Health for obtaining sanction of the Government.

As regards the extra cost, it was also understood at the time of the discussion about the necessity for the revision of the estimate, with the President, that the municipality would meet at least half the extra cost though not fully.

The increase in annual maintenance costs would come to about Rs 200/- more than the charges already provided for in the annual maintenance estimate appended to the original sanctioned estimate.

Now that the management of the existing water supply is under the control of the municipality alone and if the new water works, on completion by this Department, are also handed over to their management as desired by them, it may not entail any extra maintenance charges, as there would be no need for the relative "Tools and Plant and Establishment Charges" The municipal council proposes to meet the maintenance charges by laying water cess extra, as no tax on this account has so far been levied

F. H. Krishna Rao, Esq., M.A.,

SECRETARY TO GOVERNMENT OF MYSORE

Local Self-Government Department

Bangalore

Sir,
The above has been
action & accordance
with previous orders
during the last term

Subject: Improvement of water supply in
Boarding - Revised estimate for
Rs 11,140/-

May be found advising in your letter No L 3413/J1 48-33-37 dated 1st November
1933, I have the honor to forward herewith an extract from the proceed-
ings of the Boarding Town Municipal Council, and a copy of the report
of the Amildar-President on the above subject to state as follows

At a meeting held on 29th September 1933, the Municipal Council,
sanctioned the revised estimate for Rs 11,140/- the cost being proposed
to be met in equal proportions by the Government and the Municipality.

In consonance with this proposal they have resolved that Government may
be requested to grant a sum of Rs 1500/- in addition to the grant of
Rs 400/- made last year so as to make up the entire cost of
the estimate

19/11

As regards the other half of the estimated cost, the Municipal
Council plead their inability to raise up the amount in one lump in view
of the very meagre resources of the Municipality and have therefore
resolved to raise for a loan of Rs 5000/- from Government repayable in
10 equal annual instalments of Rs 500/- each. They are confident
of paying the instalments regularly as they anticipate some increase
of revenue by the levy of toll on vehicular traffic in their Muni-
cipality recently sanctioned by Government in their order No L 3877-79/12.
69-38-26 dated 11th November 1933. The Council also hope to realize
about Rs 1500/- by way of donations

I am personally of opinion that it should not be difficult for the Municipal Council to repay the loan on the basis of easy instalments as indicated above. As the problem of water supply in Bowringpet town is of vital importance and has to be immediately tackled so as to set at rest the anxiety of the towns people in this respect, I request that Government may be pleased (1) to sanction a loan of Rs 5,000/- to the Municipal Council, on the terms specified above and (2) to sanction an additional grant of Rs 1500/- so as to make up a moiety of the cost of the estimate, on which it is considered for and, when not possible, to treat this also as a loan repayable Rs 1000/-

In the meantime, I have instructed the Amildar in charge of Municipality to collect the provisioned cost of Rs 100/- and keep the amount in deposit.

The estimate and the estimate etc., received with our letter under reference are herewith returned as desired.

I have the honour to be,

Sir,

Your obedient servant,

Sd/- G. Sundara Rao

SIR

Subject Improvement of water supply in
Bowringpet - Revised estimate for
Rs 11,140/-

Adverting to your letter No L 3413/11 48-38-37 dated 1st November 1938, I have the honour to forward herewith an extract from the proceedings of the Bowringpet Town Municipal Council, and a copy of the report of the Amildar-President on the above subject and to state as follows

At a meeting held on 29th September 1938, the Municipal Council, sanctioned the revised estimate for Rs 11,140/- the cost being proposed to be met in equal proportions by the Government and the Municipality. In consonance with this proposal they have resolved that Government may be requested to grant a sum of Rs 1570/- in addition to the grant of Rs 4000/- made last year so as to make up their share of the cost of the estimate

As regards the other half of the estimated cost, the Municipal Council plead their inability to pay up the amount in one lump in view of the very meagre resources of the Municipality and have therefore resolved to pray for a loan of Rs 5000/- from Government repayable in 10 equal annual instalments of Rs 500/- each. They are confident of paying the instalments regularly as they anticipate some increase of revenue by the levy of toll on vehicular traffic in their Municipality recently sanctioned by Government in their order No L 3877-79/11 69-38-36 dated 11th November 1938. The Council also hope to realize about Rs 1500/- by way of donations

P T O

P/3

I am personally of opinion that it should not be difficult for the Municipal Council to repay the loan on the basis of easy instalments as indicated above as the problem of water supply in Bowringpet town is one of vital importance and has to be immediately tackled so as to set at rest the anxiety of the towns people in this respect I request that Government may be pleased (1) to sanction a loan of Rs 5,000/- to the Municipal Council, on the terms specified above and (2) to sanction an additional grant of Rs 1500/- so as to make up a moiety of the cost of the estimate, or if this is considered for any reason not possible, to treat this also as a loan aggregating Rs 6500/-

In the meantime, I have instructed the Amildar President of Municipality to collect the promised donations of Rs 1500/- and keep the amount in deposit

The plan and the estimate etc, received with your letter under advertence are herewith returned as desired

I have the honour to be,

Government Order No. L. 3131-31/11. 60-37-26 dated the 7th December 1939 sanctioning (1) an estimate for Rs. 7,500/- for the installation of an electric motor and a deep well pump at the second bore-well in the Bowringpet Town Municipality and (2) a Government grant of Rs. 4000/- for the purpose, the balance being met from out of the Municipal Funds.

2. Correspondence ending with letter No. C. 313-8 dated the 19th October 1933 from the Director of Public Health in Mysore forwarding for sanction a revised estimate for Rs. 11,140/- for the above work.

3. Correspondence ending with letter No. A5 C 4357/36-37 dated the 17th December 1936 from the Deputy Commissioner, Kolar District forwarding his recommendations in regard to the ways and means of financing the scheme.

Order No. L 6097-99 / ml 48 38-88
Dated, Bangalore, 29th January 1939.

The revised estimate for Rs. 11,140/- is sanctioned.

2. Regarding the financing of the scheme, Government observe that they have already sanctioned a sum of Rs. 4,000/- from out of the supply water supply grants for the year 1937-38 and direct that the balance viz., Rs. 7,140/- be met from out of the Municipal Funds.

3. In order to enable the Town Municipal Council, Bowringpet to meet its share of the cost, Government are pleased to sanction, as recommended by the Deputy Commissioner, Kolar, a sum of Rupees six thousand five hundred only as a loan to the Municipality subject

subject to repayment in 10 equal annual instalments with interest at 5 per cent per annum. The Deputy Commissioner, Kolar District is requested to see that the required provision is made in the annual budgets of the Bowringpet Town Municipality towards the payment of the loan instalments regularly.

4. The Director of Public Health is requested to take up the work on hand immediately and finish it as early as possible.

Mr. Jagan Munn
for Secretary to Government,
Local Self-Government Department.

To

The Director of Public Health in Mysore with records,
The Deputy Commissioner, Kolar District,
The Comptroller to Government through Financial Secretariat.
